

PRE-SHREDDERS

The SK series pre-shredders are equipped with a very aggressive grinding assembly that can deal with heavy loads compared to traditional cutters, and an excellent output sizing for the

first stage in waste volume reduction. The “K” models, evolved from standard models, are available in both electric and hydraulic versions.

SE 30 K

Model	Power	Cutting surface	Hopper size	Hopper volume	RPM	Total mass	
 SE 15 k	450	11 kW	532 x 450 mm	985 x 1265 mm	0.5 m ³	17.6 min ⁻¹	1.220 kg
	600		532 x 600 mm	985 x 1415 mm	0.6 m ³		1.330 kg
	900		532 x 900 mm	985 x 1715 mm	0.7 m ³		1.550 kg
	1250		532 x 1230 mm	985 x 2045 mm	0.9 m ³		1.790 kg
 SE 30 k	650	22 kW	760 x 650 mm	1665 x 1530 mm	1.1 m ³	17.9 min ⁻¹	2.850 kg
	850		760 x 850 mm	1665 x 1730 mm	1.2 m ³		3.140 kg
	1050		760 x 1050 mm	1665 x 1930 mm	1.4 m ³		3.370 kg
	1300		760 x 1300 mm	1665 x 2180 mm	1.6 m ³		3.700 kg
 SH 50 k	650	37 kW	760 x 650 mm	1665 x 1530 mm	1.1 m ³	15 min ⁻¹	3.620 kg
	850		760 x 850 mm	1665 x 1730 mm	1.2 m ³		3.900 kg
	1050		760 x 1050 mm	1665 x 1930 mm	1.4 m ³		4.130 kg
	1300		760 x 1300 mm	1665 x 2180 mm	1.6 m ³		4.460 kg
